Audio Amplifiers, LED  
Drivers, IoT Processors,  
Touch Sensor, Power  
Management, Interface,  
MCU, Optica Components,  
Wired Communication

## ELECTRO-MECHANICAL

Total Bare Board Manufacturing  
Solutions.

PCBs that need effective thermal  
management for a variety of RF  
analog or digital or hybrid circuits

Heatsink, heat transfer  
project, precision  
engineering, plastic  
injection molding, assembly  
value-added, rapid  
prototyping, and production  
needs.

LEDs  
SMD LEDs & Display  
High Bright less LEDs  
Through-Hole DEDs & Displays,  
Circuit Board Indicators, and  
other LED-related products.

DC/DC Converters,  
AD/DC Power Supplies,  
Switching Regulators, LED  
Drivers

## RELAYS

Relays  
DC Contactors

## STORAGE

NAND solutions includes SSDs  
with SATA interface as 2.5",  
mSATA, Slim SATA, DFast, M.2  
PCIe M.2, CompactFlash, USB  
Flash drives, SD & micro SD  
memory cards as well as eMMC
